From good data to good decisions: knowledge sharing for harmonized policies on contamination issues in the ADRION seas. From monitoring to risk assessment

Time		
10:00	10:10	Introduction and short participant presentation
10:10	10:25	From good data to good decisions: knowledge sharing for harmonized policies on contamination issues in the ADRION seas. HarmonIA in summary. Marina Lipizer (OGS)
10:25	11:05	Giordano Giorgi (ISPRA) <ul style="list-style-type: none"> ▪ Harmonization of monitoring of contaminants and Environmental Impact Assessment (EIA) in the ADRION region: offshore challenges. ▪ Strategy for Harmonized Monitoring
11:05	11:15	Questions feedbacks
11:15	11:45	Marina Lipizer, M. Eugenia Molina Jack, M. Giani (OGS) <ul style="list-style-type: none"> ▪ Assessing the status of our common seas: how to find data of contaminants for the Adriatic and Ionian Region. ▪ Data QC approach for sediment ▪ HarmonIA Network
11:45	11:55	Questions feedbacks
11:55	12:10	Damir Ivankovic (IOF) <ul style="list-style-type: none"> ▪ Harmonia data visualization on contaminants in the marine environment
12:10	12:25	Donata Canu (OGS) <ul style="list-style-type: none"> ▪ Assessment of oil spill risk in selected sites of the Adriatic-Ionian Region using models and data
12:25	12:40	Damir Ivankovic (IOF) <ul style="list-style-type: none"> ▪ Evaluation of coastal vulnerability to marine pollution dispersion on Harmonia Geoportal
12:40	13:00	Questions feedbacks and meeting conclusion
